

- Always distribute weight evenly
- Verify ADARAC™ and ADATRAC™ are mounted securely before loading or operating truck
- Always use caution when loading or unloading cargo
- Adhere to safety warnings and cautions outlined in ADARAC™ and ADATRAC™ Accessories Installation Instructions (available at adarac.com)
- Only use ADATRAC™ Mounting Plates with bolt on accessories

SAFETY INFORMATION

TOOLS: Protective eyewear, ratchet with 7/16" socket 9/16" socket and 9/16" wrench (optional)

MOUNTING PLATE INSTRUCTIONS

CONTENTS: (2) Mounting plates,
(8) Square nuts, (8) 1/4" x 3/4" Hex bolts,
(8) Lock washers and (8) Flat washers

ADATRAC™ MOUNTING PLATE

- Freely reposition along accessory track
- Universal traction board mounting plate
- Quick and easy installation

INSTALLING MOUNTING PLATE

A. Insert (2) square nuts in top and bottom nut channel of ADATRAC™.

TIP: If installing optional accessories, insert mounting hardware in accessory track nut channels before attaching to uprights.

B. Place lock washers and flat washers on bolts.

C. With mounting plate in desired location, align mounting holes with nuts in top and bottom nut channels.

D. Insert bolts with lock washers and flat washers, then finger tighten to square nuts.

E. Fully tighten and secure all bolts on mounting plate.

F. Repeat Steps A-E for remaining mounting plates.

IMPORTANT: Verify mounting plates are mounted securely before loading cargo or operating truck.
